Operations Building
15900 Los Gatos Boulevard
Los Gatos, CA 95030

Who Should Attend Residential and commercial
garbage/recycling customers in
Los Gatos, Monte Sereno,
Saratoga, and Campbell

About the Meeting

Garbage and recycling services in the Town of Los Gatos are provided by West Valley Collection & Recycling (WVC&R). The contract for these services is managed by the West Valley Solid Waste Management Authority, a joint powers authority, established in 1998 by the cities of Campbell, Saratoga, Monte Sereno, and the Town of Los Gatos to arrange for and manage the collection, disposal, recycling and landfill diversion of solid waste originating in the four member municipalities.

The contract for garbage and recycling services expires in February 2014. The Authority is currently negotiating a contract extension with WVC&R to continue providing services to the four West Valley cities. Potential service and contract changes will be discussed during the meeting.
